A FAIR DAY IN THE PIT

NEARLY 17,000 SHARES CHANGE

Some Information Concerning the Great Payne Mine In British Columbia—The Clarissa and Illinois Companies Incorporated Yesterday -Ore and Bullion-Mining Notes

There was a whole lot of activity on change yesterday, and while the actual trading was not so heavy as on some other days this week, the bulls and irs were very busy. Stocks generally were firm, and nearly all of them

ally were firm, and nearly all of them were in demand, allthough buyer and selfer did not quite get together out the most of them.

The day was not entirely devoted to trading, however. The brokers, on motion of Professor Tibbals, decided to extend an invitation to the ladies to visit the pit on Saturday, and perhaps arrangements may be made for a hincheon as well.

At all events, Saturday will be Ladies' day at the exchange, and all ladies interested are cordially invited to attend the cell. The transactions for the day were as follows:

Some Interesting Information , Regarding This Great Property.

Concerning the Payne mine, which is largely owned by Hon. A. W. McCune of this city, very little information ever finds its way into the newspapers. The Spokane Spokesman-Review, however,

properties, the Payne is worked inrely by means of tunnels, thereby making its operation exceedingly economical. The property consists of four claims, owned by a company in which the McCunes of Salt Lake City, Hose & Browniee, the bankern of Anaconda, and Sout McDonald of Spekane are interested. The latter is the manager and a active charge of the nine, and is also interested with his partners in many when rich Stocan properties. If appearances count for anything, the Payne sine will in future produce more and setter ore than in the past, and the ame of the silvery Slocan will be just hat much greater.

What Salt Lakers Offer For the Mountain View.

Mountain View.

(Special to The Sternal.)

Eureka, Oct. 27.—A rumor was current this morning that T. D. Sullivan had been offered \$40,000 by Sait Lake partles for the Mountain View property, adjoining the great Humbug, Mr. Sullivan stated that M. Fitzgerald came down from Sait Lake and told him that he was authorized by Messus. Fred Mounrain and Patrick Ryan to offer him \$40,000 cash for the Mountain View, and to seal the bargain left a large roll of greenbacks with him. Mr. Sullivan has not yet made up his mind whether to accept the offer or not, but in all probability he will do so. Should the change be made, new machinery will be put in and evelonment work will be zushed. The deal was made through Dennis Ryan, the well known capitalist of St. Paul, Minn.

The train left this city on time, and had gained a speed of 25 miles an hour when a herd of cattle ran on the track and a long at such a rate of speed that it could not be storped in time for the cattle to be storped in time for the cattle to clear the track. The engine struck three of the animals, and was thrown off the track and a four-foot embankment. The informal jumped and was mot injured. Engineer Kenney, intent upon saving the company's property, remained with the engine until it had run through the right of way fence, a distance of more than 15 feet.

Dr. W. M. Griffith of this city was the first man on the ground after the accident happened. He reports Kenney not seriously injured at present, but complications may arise in the near future which may prove serious. The smoker and passenger cars were thrown on the ties, but not disminged. No one of the passengers or employees was injured except Kenney.

This is the first accident that has happened on this road in this section since its building. The road gives the greatest satisfaction to everyone. To merrow marnings train will more than likely be some late, but with that exception the traffic will in no way be delayed.

Team Tore Down the Canyon at Terrific Speed, and the Driver's Neck Was Broken.

(Special to The Herald.)

Logan, Oct. 27.-News reached here this afternoon of a fatal accident at Smithfield last evening. Gustaf Gustafson and wife were moving down from their ranch in the mountains east of Smithfield to their home in that city. The team became frightened at another one passing them and ran away. The man lost the reins and the borses went down the rocky canyon at a tremendous pace. Both occupants were thrown out, and when the team which had piased them found Gustafson he was dead, his seek having been broken. His wife was unconscious and remained so for several hours. She has a broken arm, is badiy bruised and perhaps internally injured.

Gustafson was between 50 and 60 years of age. They are the parents of Gustaf Gustafson, ir., now serving a sentonce in the state prison for cattlestealing. Their reputation, however, was excellent. Smithfield last evening. Gustaf Gus-

FATHER ACCUSED OF CRUELTY

DAUGHTERS OF MRS. HINES ON THE STAND.

Defendant Worth \$35,000, But Witnesses Stated He Did Not Provide Necessaries For His Family.

(Special to The Herald.)
Provo, Oct. 27.—This morning at 9:30
the trial of the Hines divorce case was resumed. In the forenoon Mra. Hines' daughters, Hattle and Tessie, were examined in regard to defendant's treatment of his wife. The testimony tended to show that defendant has for many years past used blasphemous language to his wife and threatened her with violence. On one occasion, it was 'stated, he picked up a culliary utensil and, but that he was prevented, would have thrown it at his wife. Again, he remarked in anger: "Good people die; I don't see why death can't visit my ——famity." And again: "Til not eat another bite in this house, — if I do. I'll force you to get a divorce, by —, and I'll pay your attorney's fees." Other testimony was given which tended to show that defendant was rather backward in supplying his family with the necessaries of life. resumed. In the forenoon Mrs. Hines

Logan, Oct. 37.—The fire department

Logan, Oct. 27.—The fire department was called out to a blaze in the Second ward this morning at the residence of Mr. William Phillips. It arrived too late, however, to be of much value, as the fire had been extinguished by neighbors. A defective file was the cause of the confingration, which did but elight damage to the house. A more serious reselt of it, however, was the shock Mrs. Phillips received. She was but recently confined, and becoming alaximed when she learned that the house was confire, ran out scanfilly clad into raw, childy air. Serious consequences are expected as the result of this.
